State/Unit Coordinator must validate eligibility, proper spelling of names and averages of participants. State/Unit Coordinator will consolidate and submit entries for that state/unit.

**SUBSTITUTES AND MULTIPLE PARTICIPATION:** If in any event a scheduled bowler is unable to participate, the team captain shall have the right to substitute a bowler, provided the substitute has not already entered in that event. All substitutes must be identified at least two hours prior to the scheduled event. An individual may bowl in each event one time, unless an exception is granted by the tournament director. A bowler's first appearance in any event will count towards their All Events score. Individuals will not be allowed to receive cash or prizes more than once in any event.

**AVERAGES** Average Codes: (A) - 2022-2023 Final (B) - 31 December 2023 (C) - 2021-2022 Final (D) - Other (please specify). All averages are based off of 21 or more games. Bowlers who do not meet any of the listed requirements will receive an average of 165 for men and 140 for women. Select your appropriate average code following these guidelines: (A) Bowlers will use their highest 2022-2023 USBC sanctioned league average, as recorded in their local association records and certified by the team captain. If the entrant's 31 December 2023 average is 10 pins or higher than the 2021-2022 average, the 31 December 2023 average will be used. (B) Bowlers with no previous USBC season average will use their highest current USBC winter season average, as of 1 January 2024. (C) Bowlers with no previous USBC season average or 1 January 2024 average will use their highest recorded USBC, youth or collegiate division sanctioned current average. (D) Other; (1) Bowlers with no average last season, no 1 January 2024 average and no current average who will have an average before the tournament, shall report their current average to the tournament directors before bowling in each event. (2) Bowlers without an established average may submit an average from a non-sanctioned league, verified by that league's secretary, in accordance with the guidelines above for a sanctioned average. (3) Bowlers may use their last established average from the ANG Bowling Tournament if nine games or more were bowled in a single tournament over the past three years. Bowlers must submit actual tournament scores. (4) Any bowler who has only a USBC Sport Bowling average must submit and use their adjusted Sport Bowling average, utilizing the USBC Average Adjustment Scale located at [bowl.com](http://bowl.com).

**HANDICAP:** Each bowler shall receive a handicap of 80 percent of the difference between their average and 210 pins in each event entered.
